Profil

Passionate about web development, I possess solid experience in design and development. With a strong team spirit and excellent problem-solving skills, I have acquired in-depth expertise in various development environments and the essential tools of a web developer.

Formation

Bachelor's degree 3
ISDR-GL, Goma
I have a degree in rural development

Kadea ACADEMI
Go Innovatio, Goma
Kadea Academy is a training center, and it's where I learned web development.

Expérience professionnelle

Wada Ghana (hackathon)
Web Developer jan-feb 2026
I contribute to the web development of our site called Umoja Funds. Umoja Funds is a site that allows the community to submit their projects, and then the funders vote on the projects they want to support.

Catalyst Project (Cardano)
Moderator & Reviewer since 2022-2025

- Review of level 0, 1, and 2 projects
- Moderation of discussions and analysis of proposals
- Collaboration with an international community
